

I am a faithful fan of K-Love. This fm radio station is truly a member of my community. Even though they are based out in Cal. they are part of goec on around me and my family. They have also touched the lives of some many of my friends. They have such a positive and encouraging music and comments on their station. Even their staff has been very helpful when I have called or emailed them. If I did not know better I would think htey were living in my community. I bunch of us would be very dissappointed if this new regualtion did take place. I don't want to lose my K-Love station. K-Love has music and DJ's that care about what is going on in all communities. Many people have had thier lives touched and bettered because of an experience with K-Love. K-Love should be allow to keep on with their ministry and touching the lives of many people through out this great county.
